

**Tapes RoHS and REACH Compliant**

**Applications: Anodizing, Electronic Assembly, General Purpose Masking, Powder Coating, Solar Panel Assembly, Wet Coating Operations**

**Bertech Part**

<b>Number</b>	<b>Description</b>	<b>Weight (lbs.)</b>
<b>Blue Masking Tapes</b>		
BPT-1/8	1/8 inches wide x 72 yards long, Blue Masking Tape	0.25
BPT-1/4	1/4 inches wide x 72 yards long, Blue Masking Tape	0.30
BPT-3/8	3/8 inches wide x 72 yards long, Blue Masking Tape	0.35
BPT-1/2	1/2 inches wide x 72 yards long, Blue Masking Tape	0.40
BPT-3/4	3/4 inches wide x 72 yards long, Blue Masking Tape	0.45
BPT-1	1 inches wide x 72 yards long, Blue Masking Tape	0.50
BPT-1 1/2	1 1/2 inches wide x 72 yards long, Blue Masking Tape	0.60
BPT-2	2 inches wide x 72 yards long, Blue Masking Tape	0.70
BPT-3	3 inches wide x 72 yards long, Blue Masking Tape	1.50
BPT-4	4 inches wide x 72 yards long, Blue Masking Tape	2.00

**Blue Masking Tapes**

Blue Masking Tapes are made of 1 mil thick polyester film and 2 mil thick silicone adhesive. They are used for general purpose masking in powder coating and electronic industries. They can be removed cleanly without leaving any residue. These tapes are packaged as 72 yard-long rolls on a 3" core. These Blue Masking Tapes are available in widths of up to 28 inches.

**Custom sizes are available upon request.**

<b>Part Number</b>	BPT series	<b>Peel Strength</b>	1000 ± 100 gf/in.
<b>Material</b>	Polyester	<b>Tensile Strength</b>	>7 kg./in.
<b>Total Thickness</b>	3 Mil ±10%	<b>Elongation</b>	> 70%
<b>Adhesive</b>	Silicone	<b>Static Charge</b>	<150 Volts @ removal from roll
<b>Color</b>	Blue	<b>Heat Resistance</b>	350° F
<b>Standards</b>	D3330, D3652, D3759	<b>UNSPSC Code</b>	60121135
