

ESD Floor Mat Kits RoHS and REACH Compliant

Applications: Aerospace Assembly and Office, Contract Manufacturing, Electronic Assembly, Fiber Optics, Hospitals, and Science Labs

ESD Chair Mat Kits, Made in USA

Bertech Part Number	Description	Weight (lbs.)
---------------------	-------------	---------------

3 feet Wide ESD Chair Mat Kits, Made in USA

CM-3x3GKT	3 feet x 3 feet, ESD Chair I	15
CM-3x4GKT	3 feet x 4 feet, ESD Chair I	18
CM-3x5GKT	3 feet x 5 feet, ESD Chair I	22
CM-3x6GKT	3 feet x 6 feet, ESD Chair I	26

4 feet Wide ESD Chair Mat Kits, Made in USA

CM-4x4GKT	4 feet x 4 feet, ESD Chair I	22
CM-4x5GKT	4 feet x 5 feet, ESD Chair I	27
CM-4x6GKT	4 feet x 6 feet, ESD Chair I	32
CM-4x8GKT	4 feet x 8 feet, ESD Chair I	43

ESD Chair Mat Kits, Made in USA

ESD Chair Mat Kits are made in the USA from rigid solid vinyl with a buried conductive layer that provides consistent static discharge. These premium grade ESD mat kits provide superior physical properties along with the rigidity needed for today's office environment. The surface resistivity is 10^{8-10} ohms. They are designed to reduce worker's fatigue when used in a static sensitive environment. ESD Chair Mat Kits include the mat, a heel grounder, and low profile grounding cord. They are resistant to degradation by inorganic acid, organic acids, detergent solutions, alcohol, mineral oil, amine, and aldehydes. **Custom sizes are available upon request.**

Part Number	CM series	Surface Resistivity	10^{8-10} ohms
Color	Gray	Tensile Strength	1500 lbs./in. ²
Brand Name	Bertech	Elongation	150%
Material Type	Solid Vinyl	Tear	300 lbs./in.
Thickness	0.190"±0.010" (3/16")	Durometer	90±10, Shore A
Standards	ESD S4.1-1997, ASTM D412, D624, D2240	UNSPSC Code	46182104
